

Rainbow Attic Stair

- Easy to install
- Easy to use
- Built in safety features
- Heights from 7'4" to 11'6"
- Energy Savings
- 2 Year Warranty

At last ... A well made attic stair!

The Rainbow Attic Stair is a unique product from Europe now being made available through North Atlantic Corp. From any standpoint - design, functionality, strength, energy savings, ease of use and installation, Rainbow Stairs are unlike anything you've seen.

The all-steel stair is powder coated in five different colors representing five sizes and with extension ranges accommodating anything from 7'4" to 11'6".

Features:

Safety handles

All steel corner joist hangers

3/4" melamine coated MDF frame

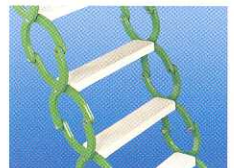

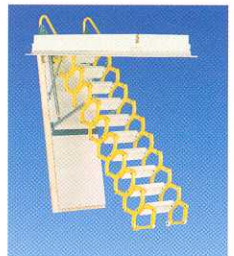

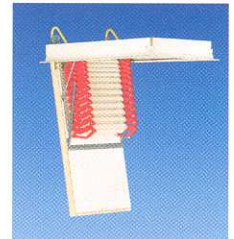

Welded steel frame with 2" self finishing flange (no trim casing required)

Powder coated "Scissor" in color (note: size determines color of scissor*)

- Laminate finish door - both sides
- 2" styrofoam core - R15 value
- Double weatherstripping

All Steel tread - 350 lb. capacity

Telescopic hand rail
